Arrested, He Protests He Was Awaiting Girl

Harry Weller, aged 19, was the only youth caught in a police descent last night on the lot at South Avenue and Summer street, where the S. N. E. T. Co. keeps lead pipe. It is alleged that a gang had been stealing the pipe and the police raided the place last night.

Weller was arraigned this morning in the city court on the charge of theft and his case was continued for investigation. He comes from Newark, N. J.

Weller was at one corner of the lot and he told the police this morning that he had a "date" with a girl there. He was unable to tell the name of the girl so the police did not believe the story.

Robert C. Keller, Former Local Man, Dies In Scranton

Robert C. Keller, formerly of this city and head of the Keller-Dunham Piano Co., of Scranton, died suddenly Sunday. Funeral services were held there this morning, with a mass in St. Peter's cathedral at 8:30 o'clock.

Mr. Keller had been ill for several months but recently had greatly improved and it was thought he would entirely recover from his illness. Thursday he removed his family to Clark's Summit in order that he might receive the benefit of the country air. His death, coming so unexpectedly, has cast a deep sorrow over his innumerable friends.

Mr. Keller was about 31 years of age and had been a resident of Scranton for more than 15 years. He was a native of Bridgeport, going to Scranton with his father, Joseph Keller, who was associated with the firm of Keller & Van Dyke, well known piano manufacturers. The junior Mr. Keller became superintendent of this company and remained with them until his father left the firm and then he founded the Keller-Dunham Co.

From early boyhood he was devoted to music and was a musician of merit. He was a charter member of the Lodge No. 314, Fraternal Order of Eagles, of Scranton, and was known as a kind man, and a man of excellent traits of character. He was also a member of the musician's union. Mr. Keller will be missed in the social and business circles. He was generally admired and respected by those with whom he was associated.

His wife and one son, Joseph, together with his parents, Mr. and Mrs. Joseph Keller, of 745 Jefferson avenue, and two brothers, Joseph H., of George P., and one sister, Florence survive. The funeral was held from the home of his parents. A solemn high mass of requiem was said in St. Peter's cathedral. Interment was made in the cathedral cemetery.

Bernard H. Glennon, Bridgeport policeman, and Mrs. Glennon attended the funeral services in Scranton. They were close friends of Mr. Keller.

GREAT INTEREST IS SHOWN IN SYMPHONY CONCERT HERE SUNDAY

Under the direction of Frank J. Callahan, conductor of several of the largest symphony orchestras in America, and at present the manager of the Calburn players at the Lyric, the newly organized Bridgeport Symphony orchestra will play at the Lyric theatre Sunday evening its first public concert.

Mr. Callahan has procured several noted artists as soloists. Mrs. May Bradley Kelsey, soprano, of New Haven and Hilding R. Gustafson, violinist of New York, will contribute numbers. Notable among the selections announced thus far are the Oberon overture, songs from Peer Gynt, and the ballet music from La Gioconda.

Mr. Callahan is confident the concert will demonstrate that if Bridgeport appreciate good music. The sale of tickets is large, especially among the musical organizations such as the Oratorio society and the Wednesday Afternoon Musical club.

Bisurated Magnesia For Stomach Troubles

In these days of almost universal indigestion, dyspepsia and other stomach trouble the recent announcement by a great specialist that pure bisurated magnesia is an almost infallible remedy for nearly all forms of stomach trouble, will come as a welcome surprise to all sufferers. A teaspoonful in a little water immediately after eating, or whenever pain is felt, neutralizes the excess acid, and instantly stops the fermentation and pain. Those who use bisurated magnesia regularly for a week or two usually find that the trouble has entirely disappeared, and normal digestion is completely restored.

BILLY AND MA SUNDAY BASEBALL FANS; SEE PHILLIES BEAT GIANTS

BILLY AND MA SUNDAY AT NEW YORK POLO GROUNDS

New York, April 21.—At the invitation of Manager John McGraw of the New York Giants Billy Sunday, who in his day was some ball player himself, came over here from Paterson to witness the game between the Philadelphia Nationals and the Giants. Billy brought along with him Ma Sunday, George Sunday, his son, and Jack Cardiff, his trainer. Billy put a wish on the Phils, so that might have helped them win. The evangelist violated all rules of the National league when he went down to the Giants' bench and affectionately entwined his arm around Manager McGraw's neck. He spoke to Rube Marquard and congratulated him on pitching a no-hit game. After the game he said: "While the game was the first big league contest I have seen this season, I think that the races for the pennants in both the National and American leagues will be keen this year. Such a condition is good for baseball, for it keeps the interest of the fans well keyed up. Tesreau, who started in the pitcher's box for the Giants, and Meyers, his catcher, made a good battery. The Philadelphia battery was also an excellent one. Demaree is some pitcher, and I think Killifer is a corking backstop. As I said before, both teams looked very good to me, and I'm mighty glad I had an opportunity to take in the game."

An aviator was flying across a state when a monkey wrench which had been fastened to the seat of the aeroplane was jarred loose in some manner and fell.

A motorist who had lost his way was speeding along a strange country road when the wrench dropped from the aeroplane, struck him on the head and killed him instantly.

The chances of the monkey wrench falling at all were about one in 100,000. The chances of the aviator being in that identical spot when the wrench fell were about one in 100,000,000. The chances of the motorist being directly under the wrench when it landed were about one in 900,000,000,000,000. And when they searched the motorist at the morgue they found that he wore a four leaf clover in a stickpin, a swastika on his watch chain and a rabbit foot on his key ring. And he had a lucky stone in his pocket, and there was an old horseshoe nailed on to the seat of his automobile.
